

Bio-Stack Bin

Description

This smart unit consists of three bottomless tiers that make home composting easy and fun. As your pile grows, simply add the second and third tiers as needed. Hinged lid helps to retain heat and prevent leaching of nutrients from excessive rainfall. Elegant design integrates well with most landscapes. Rot-proof, rodent resistant, and easy to clean. Made in the USA. 

If you are concerned about aesthetics, this is one of the most attractive units on the market.
